

Our Talent Ignition programme gives students:

- ⇒ Words and phrases to describe what they are naturally great at
- ⇒ Understanding how they can take responsibility for their learning and building relationships

We use the Strengths Explorer online assessment based on 40 years of research from Gallup Inc. Each student will receive a personal report and their Top 3 Talents – a guide to their natural way of thinking feeling and doing. Find out more at

We offer a free 2 hour interactive taster workshop to introduce strengths to your school with follow on 6 week programmes, plus CPD for teachers
